Welcome Message

Dear Colleagues and Friends,

On behalf of the organizing committee, we are pleased to extend a warm invitation to you to attend the 5th Mt Bandai & Pan-Pacific Joint Neurosurgical Convention 2016 (the 8th Pan-Pacific Joint Neurosurgery congress & the 7th International Mt Bandai Symposium for Neuroscience, Joint convention).

We will be organizing this convention following the last congress presidents Kiyohiro Houkin, M.D. (Hokkaido University) and Hideyuki Ohnishi, M.D. (Onishi Neurosurgical Center) in 2013.

The meeting is going to take place in Phnom Penh, Cambodia from 7th to 10th April, 2016. Since 2003, this congress had been held as a Joint Convention once in every 3 – 4 years in Hawaii islands. However, in this 5th convention, we will turn our attention to Asia - the fastest economic growing region in the world. As we can expect a huge room for further development in neurosurgical field, we have decided to hold this convention in Phnom Penh, Cambodia. We think this is a great opportunity for our colleagues from all over the world including young neurosurgeons to get to know the present medical condition in Asia, and also hope it plays as an excellent educational platform to exchange ideas. Therefore, we are excited to announce the theme of the 5th Joint convention: “New Horizon of Asian Neurosurgery”.

In this convention, we will continue to share the international academic activities, as well as the social events to cultivate friendships among our members. At the same time we would also like to take account the financial compliance and COI. We are trying our best to reduce the costs, however due to the expansion of the convention, it has become more difficult to operate only with the membership fees. Therefore, we are very much appreciate for your support and cooperation.

Yours sincerely,

President of the 8th Pan-Pacific Neurosurgery Congress

Shigemi Kitahara

(KNI Medical Group President)

President of the 7th International Mt. BANDAI symposium for Neuroscience

Yoko Kato

(Professor, Department of Neurosurgery, Fujita Health University)

Conference Sponsorships Guidelines

1. Conference

The 5th Mt. Bandai & Pan-Pacific Joint Neurosurgical convention 2016

2. Committees

The 8th Pan-Pacific Neurosurgery Congress

President Shigemi Kitahara (KNI Medical Group President)

The 7th International Mt. BANDAI symposium for Neuroscience

President Yoko Kato (Professor of Department of Neurosurgery, Fujita Health University)

3. Date

April 7th (Thu) – 10th (Sun), 2016

4. Venue

City: Phnom Penh Country: Cambodia

5. Estimated number of participants

Total 300 people

Japan 200, Asian countries 60 (Korea, China, Taiwan, Philippine, Thailand, Malaysia, Indonesia, India, Australia etc.) USA 10, Europe 10

6. Language

English

7. Program

4/10(Sun)	Hands on Seminar	-	-	-

① Abstract Submission:

Category

- | | |
|--|--|
| 01. Brain tumor pathology update | 16. Internal carotid artery stenosis CEA or stent |
| 02. Neurophysiology, intraoperative monitoring | 17. Acoustic neuroma |
| 03. New technology of brain function analysis | 18. Benign tumor, skull base surgery |
| 04. Progress of diagnostic imaging | 19. Computer assisted surgery |
| 05. Progress in the study of brain ischemia, research and clinical application | 20. Minimally invasive surgery |
| 06. Neuroregeneration, stem cell transplant | 21. Neuroendoscopy |
| 07. Subarachnoid hemorrhage, cerebral vessel spasm | 22. Reconstruction of cerebral vessels |
| 08. Pediatric neurosurgery | 23. Spinal surgery |
| 09. Frontier and clinical application of glioma treatment | 24. Neurovascular decompression |
| 10. Malformation of cerebral arteries and veins | 25. Pathological conditions and treatments of head injury |
| 11. Dura mater AVM, AVF | 26. Recent development for brain tissue Protection |
| 12. Epilepsy surgery | 27. Pathological conditions and treatments of neurodegenerative diseases |
| 13. Surgery of involuntary movement and pain | 28. Pathological conditions and treatments of dementia |
| 14. Giant cerebral aneurysm | 29. Psychiatry, behavioral neurology, neuropsychology |
| 15. Cerebral aneurysm Clip or Coil | 30. Stereotactic radiation therapy |

② Submission period:

Tuesday, September 1st, 2015 - Thursday, December 31st, 2015

③ How to Submit:

Please register on-line from the official web site (<http://jnc2016.umin.ne.jp/>)
